

Detachable Gripper

For all excavators in the 6–30 tonne weight classes

Engcon's detachable gripper cassette is also retrofittable.

The gripper cassette simply hooks onto the Q-Safe-D quick hitch and is then locked in place and the hydraulics connected in a single action – a procedure that takes less than a minute.

The gripper is angled at 15 degrees to the plane of rotation, giving a longer reach.

The gripper cassette is locked and the hydraulics connected in one action using a 32 mm open-ended spanner. This allows the cassette to be attached or detached in less than a minute.

Specifications

| Model | GRD40 | GRD45 | GRD60 | GRD70 |
|---|-------|-------|-------|-------|
| Grab width A: (mm) | 430 | 610 | 820 | 950 |
| Width B: (mm) | 220 | 270 | 355 | 410 |
| Length C: (mm) | 540 | 720 | 870 | 900 |
| Clamping force (tip - tip) at 21MPa: (kg) | 1,200 | 1,500 | 2,200 | 2,200 |
| Max load: (kg) | 1,000 | 1,500 | 2,000 | 2,000 |
| Weight: (kg) | 49 | 98 | 136 | 171 |
| Max hydraulic pressure: (MPa) | 22 | 22 | 22 | 22 |
| Quick hitch standard: | S40 | S45 | S60 | S70 |
